Side Quest is an e-learning platform for legal professionals, with a special social learning method.

Olivier Campenon, Chairman of the Board of the Lefebvre Sarrut group, said: "Innovation is at the heart of our strategy. The six startups selected by our jury carry out activities that foreshadow the uses of our clients of tomorrow in the legal sector. LightSpeed, our startup accelerator, is a concrete example of our open innovation. The programme truly leverages our commitment to the innovation community at a European level. The previous edition of LightSpeed was acclaimed by all participating startups. I wish the same success to this new episode!"

For six months the startups will benefit from:

- **Personalized mentoring**, specific to each development topic,
- **Workshops** on concrete problems encountered throughout the life of the project,
- **POCs** (proof of concept) - where appropriate - based on user cases co-constructed with the group's experts.
